Item 5.02 – Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Appointment of Executive Officer

On August 4, 2016, Fluidigm Corporation announced the appointment of Stephen Christopher Linthwaite, age 45, as our President and Chief Operating Officer, effective as of August 1, 2016. Mr. Linthwaite reports to Gajus V. Worthington, who continues to serve as our Chief Executive Officer.

From August 2003 to April 2016, Mr. Linthwaite held various managerial positions at Thermo Fisher Scientific Inc., a life sciences company, and, prior to its acquisition by Thermo Fisher, at Life Technologies Corporation, a life sciences company, including President, Genetic Sciences Division, from December 2014 to April 2016, President, Genetic Analysis Platform, from September 2011 to December 2014, and various other managerial positions at Invitrogen prior to the creation of Life Technologies (a merger of Invitrogen and Applied Biosystems). Prior to joining Invitrogen, Mr. Linthwaite held various strategic consulting roles. Mr. Linthwaite served on the board of directors of Claritas Genomics, Inc. from December 2014 to April 2016. Mr. Linthwaite received a M.B.A. from the University of Virginia (Darden) School of Business, and a B.A. in Foreign Affairs from the University of Virginia. Prior to business school, Mr. Linthwaite served on active duty in the U.S. Army as an armor officer.

Compensation Arrangements

Under the terms of his offer letter dated July 14, 2016, Mr. Linthwaite will receive a base salary of \$450,000 per year. Mr. Linthwaite will also participate in our previously disclosed Executive Bonus Plan. Subject to the terms and conditions of the Executive Bonus Plan and subject to satisfaction of performance objectives established by our compensation committee for the 2016 corporate performance period, Mr. Linthwaite's target bonus for 2016 will equal 60% of his 2016 base salary.

In addition, in connection with his employment, we have agreed to grant Mr. Linthwaite an option to purchase 140,000 shares of our common stock and restricted stock units with respect to 14,000 shares of common stock in each case pursuant to our 2011 Equity Incentive Plan. The shares subject to the option award will be scheduled to vest as follows, subject to Mr. Linthwaite's continued service through the applicable vesting date: 25% of the shares will vest on August 1, 2017 and the balance of the shares will vest ratably over the 36 months thereafter, such that the option will be fully vested on August 1, 2020. Subject to his continued service, the RSU award will fully vest if certain performance conditions established by our compensation committee are met.

We have also entered into an employment and severance agreement, or severance agreement, with Mr. Linthwaite that provides benefits in connection with a termination of employment under specified circumstances, including certain terminations following or shortly prior to a change of control (as defined in the severance agreement). Under the terms of the severance agreement, if we terminate Mr. Linthwaite without "cause" or Mr. Linthwaite terminates for "good reason" during the period more than 90 days prior to a change of control or more than 12 months after a change of control, he will be entitled to receive a severance payment equal to 12 months of his then-current base salary and his annual bonus at the target level of achievement. For purposes of a termination by Mr. Linthwaite during this period, "good reason" includes our appointing a new chief executive officer (other than Mr. Linthwaite) during the first 24 months of his employment.

In addition, in the case of a termination by us for "cause" or a termination by Mr. Linthwaite for "good reason" during the period beginning 90 days prior to a change of control and ending twelve months after a change of control, Mr. Linthwaite will be entitled to receive the cash severance payments described above, except that the amount of the applicable payment will be determined based on the greater of his base salary and target bonus at the time of the change of control and such amounts as in effect at the time of termination. In addition, for purposes of a qualifying termination within the change of control protection period, equity incentive awards held by Mr. Linthwaite will fully vest.

A termination by us for "cause" or a termination by Mr. Linthwaite for "good reason," whether occurring within or outside the change of control protection period, will also entitle Mr. Linthwaite to reimbursement for up to twelve months of his costs and expenses associated with maintaining benefits under our medical, dental, vision, and similar benefit plans.

If Mr. Linthwaite's employment is terminated for any reason other than as previously described, including by reason of death or disability or "cause," then he will not be entitled to receive severance benefits. Receipt of severance benefits under the severance agreement is subject to Mr. Linthwaite's executing and not revoking a release of claims in a standard form acceptable to us.

A copy of the press release dated August 4, 2016 announcing Mr. Linthwaite's appointment as our President and Chief Operating Officer is attached hereto as Exhibit 99.1. The summary descriptions of Mr. Linthwaite's offer letter and severance agreement set forth above do not purport to be complete and are qualified in their entirety by reference to the full text of the offer letter and severance agreement, which we intend to file with the Securities and Exchange Commission with our Quarterly Report on Form 10-Q for the quarter ending September 30, 2016.

Other Matters

In addition, we have entered into our standard form of indemnification agreement with Mr. Linthwaite. The form indemnification agreement was filed with the Securities and Exchange Commission on January 28, 2011 as Exhibit 10.1 to our Registration Statement on Form S-1/A and is incorporated herein by reference. Other than the indemnification agreement described in the preceding sentence, Mr. Linthwaite has no direct or indirect material interest in any transaction required to be disclosed pursuant to Item 404(a) of Regulation S-K promulgated under the Securities Exchange Act of 1934, as amended, nor are any such transactions currently proposed. There are no family relationships between Mr. Linthwaite and any of our directors or executive officers.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

FLUIDIGM APPOINTS NEW PRESIDENT AND CHIEF OPERATING OFFICER

Seasoned Life Science industry veteran joins Fluidigm to lead sustainable growth

SOUTH SAN FRANCISCO, Calif., Aug 4, 2016 – Fluidigm Corporation (NASDAQ: FLDM) today announced the appointment of Chris Linthwaite as President and Chief Operating Officer. Reporting directly to the Chief Executive Officer Gajus Worthington, Linthwaite will oversee all worldwide business operations including sales, marketing, research and development, manufacturing and quality.

Linthwaite is a seasoned executive with a well-established track record of leading innovation, achieving operational excellence, and delivering growth across the life science industry. Prior to joining Fluidigm, Linthwaite served as President of the Genetic Sciences Division at Thermo Fisher Scientific and the President of the BioProduction Division at Life Technologies. Linthwaite has extensive experience building successful franchises in both life science research markets and a range of regulated markets.

“Fluidigm is at the forefront of single-cell research, mass cytometry and high-throughput genomics applications. I am excited to join as the President at such a pivotal time for this organization,” said Chris Linthwaite. “Building on the strength of our portfolio and differentiated market position, I am energized by the opportunities we have ahead to empower our customers to gain a deeper understanding of biological systems and achieve new breakthroughs.”

“Chris is a trusted leader with a reputation for developing high-performing teams and delivering results,” said Gajus Worthington. “These attributes, in combination with his strategic abilities to identify and capitalize on market growth opportunities, will be force multipliers for Fluidigm and its customers. I am certain that Chris will be instrumental in driving the next era of growth, innovation and customer delight at Fluidigm.”

Use of Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements relating to expected market opportunities and the potential of Fluidigm’s President and Chief Operating Officer to drive growth, innovation, and customer delight. Forward-looking statements are subject to numerous risks and uncertainties that could cause actual results to differ materially from currently anticipated results, including but not limited to, challenges inherent in developing, manufacturing, launching, marketing, and selling new products; the potential for delays in the timing of new product releases; the potential for product performance or quality issues in new products and risks associated with Fluidigm’s ability to address such issues; intellectual property risks; competition; Fluidigm’s research and development, sales, marketing, and distribution plans and capabilities; reduction in research and development spending or changes in budget priorities by customers; interruptions or delays in the supply of components or materials for, or manufacturing of, its products; seasonal variations in customer operations; unanticipated increases in costs or expenses; and risks associated with international operations. Information on these and additional risks, uncertainties, and other information affecting Fluidigm’s business and operating results are contained in Fluidigm’s Annual Report on Form 10-K for the year ended December 31, 2015, and in its other filings with the Securities and Exchange Commission. Additional information will also be set forth in Fluidigm’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2016 to be filed with the Securities and Exchange Commission. These forward-looking statements speak only as of the date hereof. Fluidigm Corporation disclaims any obligation to update these forward-looking statements except as may be required by law.

About Fluidigm

Fluidigm (NASDAQ:FLDM) develops, manufactures and markets life science analytical and preparatory systems for growth markets such as single-cell biology and production genomics. We sell to leading academic institutions, clinical laboratories and pharmaceutical, biotechnology and agricultural biotechnology companies worldwide. Our systems are based on proprietary microfluidics and multiparameter mass cytometry technology and are designed to significantly simplify experimental workflow, increase throughput and reduce costs while providing excellent data quality. Fluidigm products are provided for Research Use Only. Not for use in diagnostic procedures.

We use our website (www.fluidigm.com), corporate Twitter account (@fluidigm), Facebook page (<https://www.facebook.com/Fluidigm>) and LinkedIn page (<https://www.linkedin.com/company/fluidigm-corporation>) as channels of distribution of information about our products, our planned financial and other announcements, our attendance at upcoming investor and industry conferences and other matters. Such information may be deemed material information and we may use these channels to comply with our disclosure obligations under Regulation FD. Therefore, investors should monitor our website and our social media accounts in addition to following our press releases, SEC filings, public conference calls and webcasts.
