ABOUT FLUIDIGM

Fluidigm (NASDAQ:FLDM) develops, manufactures and markets microfluidic systems for growth markets in the life science and agricultural biotechnology, or Ag-Bio, industries. Fluidigm's proprietary microfluidic systems consist of instruments and consumables, including integrated fluidic circuits (IFCs), assays and other reagents. These systems are designed to significantly simplify experimental workflow, increase throughput and reduce costs, while providing the excellent data quality demanded by customers. Fluidigm actively markets four microfluidic systems, including thirteen different IFCs, to leading academic institutions, clinical laboratories, and pharmaceutical, biotechnology and Ag-Bio companies. Fluidigm products are marketed for Research Use Only. Not for use in diagnostic procedures.
